MSA War Aid Placed At \$50,000

AREA CONTRIBUTING LARGE SUMS TO AID WARTIME CAMPAIGNS

Approximately \$50,000 has been contributed by MSA citizens to various Win-the-War financial drives during the past year, according to an estimate submitted to the MSA War Savings Committee by E. A. Barrett, Abbotsford postmaster and chairman of the committee, at a meeting held Friday night.

The meeting had been called to further organize promotion of War Savings Stamps and Certificates sold in the Area following recent nation-wide appeals by the authorities. It was considered timely to launch a district campaign now that other appeals for various war services had been successfully cleared away.

The \$50,000 contribution of the MSA Area was based by Mr. Barrett and Trade Board President Harry Beetlestone on round figure returns in connection with two Red Cross campaigns, two War Loan appeals and partial reports on sales of War Savings Stamps and Certificates in the Area during the past year.

\$35,000 FOR BONDS
It was reported that \$1800 had been subscribed to the first Red Cross drive and \$2200 to the recently-concluded campaign. Local sales of first War Loan bonds approximated \$16,000 and about \$19,000 worth of second War Loan bonds were bought by MSA citizens. The War Savings effort is believed to aggregate more than \$9000, based on \$6000 worth purchased through Abbotsford branch of the Royal Bank, and about \$2800 worth of certificates and stamps purchased through Abbotsford postoffice. Reports were available from only two other MSA postoffices, sales amounting to over \$70 at Huntingdon and \$30 at Kilgord. Only total figures, not names of individual purchasers, are released by the authorities.

AID OTHER FUNDS
If contribution to other war service funds such as the New Westminster "barrel sweep" and Vancouver air supremacy drive, as well as unreported War Savings purchases are taken into consideration, the report indicated that the \$50,000 estimate of MSA War Effort Support will be exceeded.

Seed Growers Preparing For B.C. Convention

VALLEY GROWERS NOMINATE DIRECTOR AND CANDIDATE

A meeting of the Lower Mainland and Fraser Valley regional section of the British Columbia Seed Growers' Association was held in the Canadian Legion hall, Abbotsford, on Thursday evening when growers from Langley, Surrey, Dewdney, Matsqui and Ryder Lake were in attendance.

Mr. Clive Planta gave a report of the annual convention of the Canadian Seed Growers' Association held in Winnipeg. Mr. J. L. Webster, district field inspector, who is in charge of provincial seed production work, spoke on seed cleaning methods and equipment with particular reference to the small grower.

There was considerable discussion concerning matters to be taken up at the annual convention of the B.C. Seed Growers to be held next week, Nov. 4 and 5, at Vernon. Mr. B. Cox of Dewdney was named as director to represent the Lower Mainland growers in the B.C. Association. Mr. R. H. Helmer of Milner was proposed for candidate for the B.C. Seed Marketing Board.

Mr. Clive Rogers of Langley Prairie is chairman of the Regional Section of seed growers and the meeting elected Mr. John F. Ormrod of Fort Langley as secretary.

STORES TO CLOSE EARLIER SATURDAY NIGHTS IN FUTURE

Abbotsford merchants will revert to winter season hours on November 2 and close their stores at 9 p.m. on Saturday nights in future.

EXPECT 250 MEN OF VALLEY UNIT HERE ON MONDAY

In the course of a route march around the Fraser Valley Scenic Circle, it is reported that about 250 men of the Westminster Regiment will reach Abbotsford from Vancouver on Monday and camp overnight in the Orange hall. If entertainment here is desired or permitted, it is understood the Canadian Legion and Board of Trade may call for volunteers to put on an impromptu program Monday evening. It is suggested householders and merchants hang out their flags in welcome to the Valley unit of the CASF which recently returned to the Coast from Dundurn, Sask., training camp.

Prizes, Treats Bonfire, Show On Hallowe'en

COSTUME PARADE WILL START FUN FESTIVAL PLANNED FOR CHILDREN

Forty dollars has been raised by the Abbotsford committee arranging the third annual Hallowe'en entertainment for MSA children, which is scheduled to commence this Thursday evening, Oct. 31, at 7 o'clock. Details were completed at a meeting held at "Slim" Webb's Service Station on Monday night.

Fourteen prizes will be awarded for the best costumes entered in the parade which will form up on Essendene avenue, east of the tracks, at 7 p.m. They will be half in cash and half in War Savings Stamps and range from \$2 for best costume in the parade to \$1 first and 50c second for the best costumes in each of six classes, including one for the best Hallowe'en pumpkin. Other classes are: witch, scarecrow, tramp, ghost and comic. There will also be a prize for the best costume entered by pre-school-age children.

Harvey Henderson will be parade Marshall and, to assure right-of-way, the parade will be headed by Highway Patrol Officer Butler. Efforts are also being made to secure a piper for the parade.

The parade will proceed west on Essendene avenue to McCallum rd. and the Jubilee grounds where, through co-operation of MSA Branch of the Canadian Legion and Manager Donaldson and staff of the Abbotsford Lumber Co. Ltd., a big bonfire will be staged. Fireworks may also be set off at this stage of the festival.

The parade will then reform and proceed to the Orange hall where each child will be presented with a bag of candies etc., and enter.

STYLE SHOW AND TEA WILL AID RED CROSS

An enjoyable and informative afternoon which will also aid the Red Cross funds will attract many women to the Atangard Beauty Shop, Hotel Atangard, next Wed., Nov. 6. The beauty shop and the Singer Store, with the co-operation of the Red Cross Auxiliary, are presenting a style show and tea commencing at 2:30 p.m. Hair styling will be demonstrated by Atangard Beauty Shop operators while dresses, hats and accessories from the Singer Store will be modelled by young ladies. Afternoon tea will be served by the Red Cross Auxiliary and a lecture on permanent waving will be given by Holland Green, wave expert of Vancouver and Toronto. There will also be a raffle for several appropriate prizes.

PHEASANTS NEVER BETTER BUT DUCKS ARE STILL SCARCE

"Bigger and better birds and more of them than have been available in years," is the statement of Game Warden George Williams regarding the pheasant season in the MSA Area this year. The cream of the lot is already off, however, and Mr. Williams blames the scarcity of ducks for this, as well as the luck of the hunters. In checking cars at the weekend, he says, it was the regular thing to find three or four hunters to the car each with a limit bag of pheasants. Lack of water here and mild weather is causing ducks to dally in the north.

Appeal to MSA Organizations To Assist War Savings Drive

Fourteen delegates from nine MSA organizations attended a meeting held in the Men's Club, Abbotsford, on Friday night for the purpose of organizing the MSA Committee for promotion of War Savings in this Area. H. E. Beetlestone, president of the Board of Trade, presided and he and Mr. Barrett, chairman of the committee, explained reasons for the delay (outlined in THE NEWS last week) in organizing the campaign. Mr. Barrett announced that M. C. Switzer, secretary, wished to be relieved of the duties whereupon the meeting elected Mrs. A. W. Webb to the position.

Three principal developments of the meeting were: 1. To call for contributions to a fund with which to start each of the 1800 school children in the MSA Area with one 25c stamp toward a War Savings Certificate, as has been done in Mission, Chilliwack and elsewhere. THE NEWS was asked to publish a list of donations which may be made to the chairman or secretary.

2. To again circularize more than twenty organizations which have not as yet sent delegates to these meetings (notices were mailed Monday) and invite other bodies which may not have been circularized to also participate in view of the urgency of the national appeal to support the sales effort.

3. To form an action committee which will endeavor to give effect to suggestions for War Savings promotion plans approved by the MSA Committee. Member organizations will be asked to assist, where possible, by each undertaking a project. This committee includes: E. A. Barrett, A. S. Towell, Mrs. T. Andrews, M. C. Walker, Rev. J. A. Loughton and Lang. Sands.

Success is multiplied sixteen times, it was stressed, each time a person is started systematically purchasing War Savings Stamps (16 stamps may be exchanged for one \$5-value interest-bearing certificate).

SENIOR AND JUNIOR SECTIONS TO ANNUAL F.V. DRAMA FESTIVAL

The annual festival of the Fraser Valley Drama Association will be held in the high school auditorium at Mission in the week ending Nov. 30. The contests will be divided into senior and junior sections. The junior section is open to all young people not over the age of 19 whether in school or not. There will be a challenge cup for the winning cast in each section, individual cups for the best actors and actresses, and a special cup for adult casts, not previously winners. Mission high school is entering a play and it is anticipated that the adults of Mission will compete with one or two productions.

CANADIAN NAVAL VESSEL WITH 30 OF CREW IS LOST

The Canadian minesweeper Bras o'Or is missing and feared lost with her crew of 30, a Naval Ministry communique announced Wednesday.

The stubby little craft which captured the Italian merchantman Capo Noli after blocking attempts to scuttle her in the St. Lawrence last June, has been unreported since Oct. 19, and fierce winter storms have been raging in her operations zone, the Ministry revealed.

Loss of the Bras o'Or is the third blow to Canada announced in as many days. It brings the naval death toll for the Dominion to 243 since the outbreak of war, more than deaths in the army and air force combined.

R. A. Baynes, Matsqui Resident Nearly 30 Years, Passes Away

Richard Andrew Baynes passed away at his residence on Tuesday, Oct. 29. Deceased was born in Ontario on July 22, 1858, and came to B.C. 52 years ago. He was an old-timer here, having resided in the Matsqui district since 1912. Death was not unexpected, as Mr. Baynes had been in failing health for a number of years. He is survived by five sons, C. M. of Upper Sumas, W. E., J. D., R. F. and L. M., all of Matsqui; three daughters, Mrs. A. A. Davidson of Pender Island, Mrs. M. F. McDonald and Mrs. W. Haywood, both of Vancouver. His wife predeceased him 13 years ago. Funeral services will be held from Henderson's Funeral Home on Friday afternoon at 2 p.m., interment taking place in Hazelwood cemetery. Rev. McKay will officiate.

Most Plowing Awards Won By Chilliwack Men

TWENTY-TWO TEAMS AND TRACTORS ENTER ANNUAL MSA MATCH

Bruce Ryder of Chilliwack, who won top honors at the Mission-Dewdney Plowing Match last week, repeated at the annual Matsqui, Sumas, Abbotsford Plowing Match on Friday by winning first place in the high-uct class and the award for best-going team. Similarly, L. Larson of Nicomen, winner in the tractor plowing competition at Dewdney, won first place in this class Friday afternoon on Sumas Prairie.

Farm of Charles Gibbs on the old Provincial highway, Sumas Prairie, was the scene of the match and visitors included officers of Chilliwack, Dewdney and Richmond plowing associations and Harvey M. Streight, general manager of Brackman-Ker Milling Co. Ltd. Weather was considered ideal for the event and helped attract a record crowd of interested spectators. Despite the recent heavy rains the sixteen plowmen competing in the team classes found the ground almost too dry for exhibition furrowing. The tractormen drew the better field and the work of the half-dozen competitors in this class as well as of the demonstrator machines drew very favorable comment.

MEMBER OFFICIATES

Thirteen teams were found by district farmers for entrants who brought their plows from a distance to compete but the tractor-men all brought their own steeds. Awards of the judges, J. Kerr and W. McNair of Chilliwack, were not made known until the trophy dance was held in the evening in Whatcom road hall where Reeve George Cruickshank, M.P., presented the silver trophies and numerous other prizes before a large audience.

President J. Murphy of Clayburn and Secretary L. J. Kettle of Poplar, were highly complimentary on the very successful competition. They, however, observed somewhat ruefully on the lateness of co-operation extended by district farmers in lending teams, many of those needed not reaching the field until late forenoon and the last about noon. They also said a larger attendance of farmers at Plowing Association meetings would be more encouraging to the directors.

PRIZE WINNERS

Prize winners were announced at the dance as follows: High-uct, Bruce Ryder, Chilliwack; 2, J. L. Inglis, Matsqui; 3, J. McBride of Chilliwack; best finish, Inglis. Sod class: T. Hickman, Charles Reid, W. Dyble, all of Chilliwack; crown, Hickman; finish, Dyble. Novice class: Robert Armstrong, Chilliwack; N. Rolls, Sumas; crown and finish, Armstrong.

Under 21 years: J. Murphy Jr., Matsqui, all awards. Under 18 years: E. F. Jones, Matsqui; T. Conway, Abbotsford; R. Sibbald, Matsqui; crown and finish, Jones. Tractor class: L. Larson, Nicomen; W. Hill-Tout, Poplar; W. H. Emans, Sumas; crown, Hill-Tout; finish, Larson.

Best-going team, Bruce Ryder; best decorated team, T. Conway. 2, N. Rolls. Team and equipment: T. Conway; 2, N. Rolls; 3, Charles Reid.

A meeting of the MSA Plowing Association takes place in the Canadian Legion hall, Abbotsford, on Saturday, Nov. 2, at 8 p.m.

Eighteenth annual plowing match at Chilliwack will be held on Friday, Nov. 1, on the farm of Ram Ricka, Prest road, 2½ miles east of Chilliwack.

Two Abbotsford business houses have moved into more spacious premises: Black's Drug Store now occupies the former Daly's Dry-goods store, while Clarence Nelson has taken his electrical appliance store to the former Daly's Hardware store.

Stress Need Of Alternate B.C. Highway

EXECUTIVE OF VALLEY BOARDS URGES ACTION AT ABBOTSFORD MEETING

Reeve W. A. Jones of Agassiz and W. Wright of Burnaby, who interviewed the Cabinet last Thursday at Victoria regarding the increasing burden upon land-owners of the cost of education, reported upon their conference with the ministers, to the executive of the Associated Boards of Trade which met in Abbotsford on Friday afternoon. Twelve boards were represented by the 25 delegates at the meeting, North Vancouver and Langley being the only absentees.

As an outcome of the last quarterly meeting of the boards, a resolution was adopted urging the minister of national defence to submit the necessity of completing the Agassiz-Haig section of the north-shore Fraser Canyon road and the 15-mile uncompleted section of the Hope-Princeton road to the Joint Military Defence Board as a necessary military measure. It was pointed out that while there are three railway lines through the mountains there is, for the lack of these two sections, only one continuous highway. Coast military authorities have stressed the serious consequences that might easily follow the bombing or blocking of this one road.

H. E. Beetlestone reported that the minister of public works had promised an immediate start on ditching and grading the proposed extension of "C" street at Huntingdon to connect that customs port with the trans-Canada highway.

A communication was received from the Attorney-General regarding cattle straying on the highway on the north-shore road between Harrison river and the Dewdney bridge. The matter will be called to the attention of the municipal and police authorities.

Twenty Persons Face Death In Auto Accidents

DARK NIGHTS AND RAIN BRING MORE HIGHWAY CRASHES

The sharp turn into the dyke road leading to the Mission bridge was the scene of another accident Tuesday forenoon when Mrs. Lydia Wiesner and daughter, Shirley, of Matsqui were injured as a result of a collision between the cars driven by Mrs. Wiesner and Pete Carscallen of Abbotsford. Mrs. Wiesner is reported to have had several teeth knocked out and Shirley sustained a broken arm. They were taken to Mission hospital. About \$200 damage was caused to the Carscallen car.

Seven persons had a narrow escape from injury or death on Monday evening when a car driven by Rev. A. J. Loughton of Abbotsford struck a stray cow on No. 1 highway west of Aberdeen school during a rainstorm. About \$40 damage was done to the car and the cow had to be killed. Passengers in the car included Dorothy Arnold, Dorothy Johnson, Dorothy Jones, Dorothy Leary and Victor Arnold. They were en route to a musicale in Vancouver.

Dr. E. S. Sarvis and family of Sumas, Wn., received a bad shaking up on Sunday night when, allegedly blinded by the lights of another car that had stopped at a side road intersection, Dr. Sarvis ran his car off the pavement on No. 1 highway at Hill-Tout curve, three miles west of Abbotsford, and it turned on its side.

Six persons were taken to hospital as a result of a highway smash one mile west of Abbotsford about 6 p.m. Friday which involved cars driven by Stan Schnare of Abbotsford and Jacob Thiesen. The latter was about to enter the driveway to his home when the accident occurred. Schnare, Mr. and Mrs. Thiesen and their

AXIS STABS AT BALKANS

Wednesday, Oct. 30—Britain and Greece fought off preliminary Axis stabs into the Balkans today but a heavy movement of German reinforcements threatened stronger blows in a general Mediterranean offensive that may extend from Suez to Gibraltar.

BRITISH MINE GULFS

First move of the British Navy in defense of Greece, it was disclosed officially in London, was to lay mines protecting Gulfs of Patras, Corinth and Aegean Gulf. This threw a barrier around the Corinth land, bridge between northern Greece and Peloponnese, guarding against any attempt by Italians to break Greece in two by surprise attack on Corinth.

SALONIKA GOAL

Sharp patrol fighting reported in Greek mountains as Italian force sought to drive in from Albania towards the important port of Salonika which British are believed likely to seek as a base for a counter offensive in south eastern Europe.

MASS MILLION NAZIS

Tuesday, Oct. 29—Italians claimed they had cracked hole in the Greek line and were swarming into Greek mountains but these claims were denied in Athens. While unconfirmed elsewhere, Germany reportedly massed a million men on the Balkan front to back up Italy's offensive against Greece. Britain announced she is giving Greece military aid in the "widest sense of the term" but the nature of the aid was not disclosed.

Monday, Oct. 28—An Axis blitzkrieg hit Greece at dawn, but the Greeks fought back stubbornly and Great Britain promised aid.

CANADA'S LOSSES

The destroyer HMCS Margaree went down after a collision with a merchant vessel, and 140 Canadian officers and men lost their lives. Forty-seven of them were from British Columbia—largest toll in any province.

The pride of Canada's merchant marine, the Empress of Britain, blew up and sank 900 miles off the Irish coast after she had been bombed by a German plane. Only 45 lost their lives.

WINNER IN GUN CLUB CONTESTS

Helmer Gilberg of Matsqui won the Ridgedale Rod & Gun Club annual contest this year for the longest pheasant with a bird fractionally over 37 inches from tip to tip. This was a couple of inches shorter than last year's prize-winner. Second in this contest was Stan Smith of Matsqui who nosed out Debs Rottluff's entry by less than half a beak. O. Fore had the largest duck, weight 3½ pounds.

BRIDGE CLUB HONORS BRIDE

Miss Julia Mitchell was honored on Friday evening when 12 members of her bridge club presented her with a set of stemware at the home of Mrs. Fred Saunders. The evening was spent playing games after which dainty refreshments were served. Miss Mitchell was presented with a corsage of chrysanthemums from the guests.

NHA FINANCES

372 NEW HOMES

During September, approval was given to 349 loans under the National Housing Act. The number of new applications received advanced to 413 against 381 in August. This was also an increase of 14 over the number of new applications submitted in September. Of the total of 372 units approved in September, 1940, approximately one-third were financed by loans of \$2,500 or less, and four-fifths by loans of \$3,500 or less. The average loan for the month was \$2,964.

This Opportunity Is Left With Us

WE MUST ACCOMPLISH BY VOLUNTARY ACTION MORE THAN THE ENEMY CAN BY COMPULSION. In this simple statement by the Minister of Finance lies the fate of every Canadian, every citizen of the British Empire, for that matter, of every American. In it also lies the hope of freedom from Nazi bondage of the men, women and children of the countries already over-run by the Axis Powers which are Germany, Italy and their ally Japan.

It is the text behind the campaign to sell War Savings Stamps and War Savings Certificates in Canada. If enough of these are bought regularly by Canadians we can beat the enemy at his own game. If not, Canada may have to resort to more drastic means of preserving its own identity.

We Have A Share In This Job

On Friday night about a dozen citizens representing about as many MSA organizations met in Abbotsford to consider ways and means of furthering the War Savings Campaign in this Area. This committee is being formed at the urgent request of Ottawa and in turn of the national and provincial War Savings Committees. Like its parent organization, the MSA committee will only consider means and refer campaign projects back to the member organizations. It is for the latter to volunteer to do a job or to accept an assignment of a task.

A war is to be won, freedom of ourselves and the world is at stake. Everything everybody holds dear, whether it be life, family or wealth, is in jeopardy. If we do not step into harness and pull our weight in this War Savings Campaign day in and day out, week in and week out for duration then we have lost, the principle of democracy, freedom of men and women to live their own lives, has been proved wanting and the mailed fist of dictatorship sweeps over us all.

Appeasement Has Proved Itself Traitorous

Since John L. Lewis of the C.I.O. has openly declared his stand in the presidential election campaign in the United States, is it not now time labor in Canada that may fall under his spell should clean house voluntarily? His line is much like that of a famous U.S. aviator who deserted his country during a time of personal stress and later turned up in the courts of the dictators apparently for a course in appeasement. United States, not being at war, is at liberty to tolerate such internal dissension but Canada, in a death struggle with an enemy which boasts that the end justifies the means, cannot afford to chance any wavering on its industrial front.

Complete Unity Necessary

Some forthright statements on the responsibilities of Canadian citizenship have appeared lately in the foreign language press in Canada. Two examples, which appeared under the captions "Supreme Duty" and "Grave of Hitlerism" are:

"Der Nordwesten (German), Winnipeg: 'The war has created a spirit of unity among Canadians of every race and creed, such as this country has not known. The full meaning of Canadian citizenship is better understood, and if there be the few who do not value its privileges, it must be apparent to them that this land has no place for them.'

"The people of Canada of whatever racial origin, have one supreme duty—the winning of the war, and to that end there must be complete unity in our land, and a determination to give and to sacrifice. And from the grave situation that has been thrust upon us by those who would destroy our way of life, we shall emerge a better people and a greater Canada."

Dos Yiddische Vort (Jewish Word), Winnipeg: "The Finance Minister has issued an appeal for two million Canadians to help to enlarge the Government's income by buying War Savings Certificates... The response must be a warm and united one. Hundreds of thousands of Canadians must willingly invest their money in these certificates, knowing that every dollar is another shovel of dirt on the grave of Hitlerism."

A Successful Measure

Announcement that Home Improvement Loans made by lending institutions will not be guaranteed by the Dominion after October 31, brings forth some interesting facts. This plan was started in November 1936 on the recommendation of the National Employment Commission and was designed as a measure to relieve unemployment, particularly in the depressed building industries. Hon. J. L. Hsley, minister of finance, declares it has been a "striking success," and he describes it as "one of the most constructive measures taken to solve the unemployment problem." Up to Sept. 30, 1940, loans to a total of \$48,181,525 had been made, and as at that date losses paid amounted to less than one-quarter of one per cent. of the total loans made, while 62.14 per cent. of the amount of money loaned has already been repaid by the borrowers.

It is natural that the Dominion's guarantee of these loans should be discontinued under present circumstances. There is also not the same need for the plan as at first. However, it is hoped that the lending institutions take the hint included in the minister's announcement and that is take care, without the aid of a Dominion guarantee, of cases that may arise and with the monthly payment for interest and principal comfortably within the capacity of the borrower.

Much distress could have been prevented earlier in the last depression through stimulation of the building and allied industrial trades. Idle money only increases the number of idle men so the one should be forced into activity, if necessary, to assure the essential activity of men.

Quaint Request Of Nazis When Taken Prisoner

ASK TO BE TAKEN TO GERMAN GOVERNOR OF ENGLAND WHEN LANDED

Mrs. F. L. Plowright, 4025 Yale road, Abbotsford, is in receipt of an interesting letter from a niece in Sheffield, England, whose husband is Q.M.S. in an artillery regiment. The hardship being experienced by the British people in the front line of this war is aptly contrasted with the present good fortune of Canadians. Another point of interest is the evidence in the closing paragraphs quoting statements of German prisoners, that German flyers and sailors are being told by their superiors that England is a conquered land like France. The letter says in part:

"...It was good to hear from you and to know that there are still some people leading normal lives in this crazy world. You would hardly believe what a mad, upside-down existence we are leading. To give you an instance, I have to get the children scrubbed early in the evening, keeping a strict eye on the clock for the blackout, which is now at 7 o'clock (and we do have to be particular, there must not be a chink of light anywhere), and then it is bunk-time."

"Away we trek down to the shelter at the far end of the garden. It is now 5 weeks since we went upstairs to bed—we are just like a lot of rabbits in our little Anderson shelter. We manage to make ourselves warm and as comfortable as we can in our bunks and there we remain until morning. The sirens can wail, Jerry machines can bump their way overhead (we seem to be on their direct route), bombs can fall and gunfire rattle away, but the children never turn a hair; they can sleep right through it all. I can sometimes feel a spot of palpitation and I try not to get excited. Still it is the best policy to go straight down to the shelter... When we were sleeping upstairs we sometimes had to be up and out 3 or 4 times in one night."

"Still I must say that since the nightly visits from Jerry started on Aug. 12, and only three nights have we been left alone, we have really not had very much damage. He has certainly dropped lots of 'eggs' in outlying districts and now and again we hear time-bombs exploding. Our church had a service of thanksgiving recently—none of the parishioners were injured when a lot of houses close by were demolished. — had the fright of her life when a bomb fell in the next road to her. We had a pretty good shock when the bottom end of — street went up in the air. It is really hard lines for old people—most folks sit up waiting until the small hours of the morning."

"How lovely to be able to can peaches! Tinned fruits are getting very expensive now. We have a special ration of sugar for preserving home-grown fruit, otherwise we have to be very careful. Two pounds of sugar for three children and an adult. Butter ration has been cut down today from a pound to a half-pound for four of us. Still, when we remember how Sheffield fared in the last war we cannot complain. We do get whatever we are entitled to. We do not need all our meat coupons and a pound of bacon is not too bad. Milk is dear, at least for grown-ups, 8c a pint, although the children are able to get it cheaper at school."

School hours are queer—11 to 3 with ten minutes for lunch. I only hope that we shall never have raids during school time—there is a sense of security when we are in the shelters at night."

"— is a busy man in the ARP. He looked very tired when I saw him on Friday. He had only had three nights sleep in six weeks. He usually goes to bed at dawn after being out all night. —'s nephew, an able seaman, was home on leave. Whenever he has encountered German sailors on our shores they have asked to be taken to the German Governor! German airmen, also, when injured, have asked for the German hospitals and German nurses."

DATES WILL NOT BE ANNOUNCED

Due to the international situation, the sailing times of ships carrying mail to other countries for the Christmas season can not be announced, the post office notes in its weekly bulletin. The department said persons wishing to correspond with countries abroad should do so as soon as possible, as delay in the transmission of mails might occur.

Here's How **THEY** get on the Inside of the **69%** Outside Market!

Alert, successful advertisers and merchandisers know that 69% of Canada's retail sales are made over the counters in the smaller communities, outside metropolitan centres.

And they know, too, by experience, that the most direct, most economical, most effective means of reaching the 7,750,000 consumers in that great major market—and of securing the co-operation of the dealers who serve them—is by advertising in the Weekly Newspapers.

That's how they get on the inside of that 69% outside market. And here's why they use the Weekly Newspapers to get there:

It's because they know that the Weekly and only the Weekly, caters to and serves the intimate, personal, "home-town" interests of its readers; that it is their paper in a sense that no other or outside publication can hope to be; that it is their guide in making 69% of the nation's total retail purchases.

When planning your 1940 advertising budget, be sure to have all the facts about the dominant position of the Weekly Newspapers in Canada's 69% outside major market. Write, now, for precise information.

Agricultural News and Notes of Interest to Local Farmers

Offers Help To Eradicate Bangs Disease

Editor,
A. S. & M. News,
Dear Sir:

Throughout many districts in Canada and United States during the past 20 years or more dairymen and cattle breeders have been fighting a battle against a dread malady known as Bangs disease, or more commonly known as abortion. The battles have been fought quietly in nearly every instance, because owners and breeders do not want it known that their herds are affected by the disease. Yet while this almost individual fight is being waged the Bangs bacillus goes on gnawing at the productive strength of many herds. This dirty microbe which spreads Bangs disease actually robs Canadian farmers of many hundreds of thousands of dollars every year.

In the event that Bangs disease may be affecting any number of Fraser Valley herds, I am wondering what those who may be suffering a serious loss would like done about it, for it has been found that there are several quite effective methods of checking the disease. The two outstanding ways are: first, the blood test and slaughter of Bangs infected animals, which is tough on the owner and expensive to the government; secondly there is calfhood vaccination, which is slower, but which will build immunity against Bangs microbes.

Should there be a farmer in this district who would like me to take this matter up with provincial or federal authorities, in a confidential manner, I will find out what can be done in the way of help by getting information on the subject, or by way of inspection of all herds. Suggestions or information given me will be treated in strict confidence.

Again may I say that should there be outbreaks of the disease in this district, let us make a collective start at once to wipe it out.

PEANUTS GROWN IN ABBOTSFORD

Over-sized vegetables have been the chief attraction in the display window of THE NEWS during the last week. Giant white feeder sugar beets, weighing 14 pounds each, were brought in by H. J. Ryder of Mt. Lehman. Tony Tessaro of Upper Sumas broke his own record with another carrot with 19 small carrots growing from one crown. Two carrots, each weighing more than 5 pounds, are exhibited by Ernest Lowe of Townline road, Abbotsford. The most unusual display in the window this week was peanuts grown locally in the garden of Mrs. E. Vanetta, 1115 West Railway avenue. They were planted in the spring and have produced a crop of healthy peanuts. More late raspberries were brought in by Mrs. I. N. Armstrong.

Air Minister Sees Plowing Match

Widely divergent phases of the war effort had the attention of Hon. C. G. Power, minister for air (CENTRE), when he visited the St. Thomas area. With Air Vice-Marshal L. S. Breadner, chief of air staff (LEFT), and J. S. Duncan, deputy minister (RIGHT), he inspected the air training school at St. Thomas and the new school of bombing and air gunnery at Fingal. Then he attended a banquet in connection with the international plowing matches at Port Stanley.

Envoy Declares U.S. in Danger, Urges Ships For Britain

Declaring the U.S. today stands in greater danger than France a year ago, William C. Anthony J. Drexel Biddle, Jr. (LEFT), ambassador to Poland, and John Cudahy, envoy to Belgium. All three ambassadors have seen at first hand what Nazi domination means.

PATRIOTIC EXERCISES
Each Monday morning all classes

of the Abbotsford School assemble in front of the flag-pole to sing "O Canada" and "God Save the King".

We all assemble quietly and quickly at our proper places. "O Canada" is vigorously sung. As the flag is raised our thoughts are travelling far away to the soldiers of Great Britain who are so bravely doing their duty. The flag is up, and all join in singing "God Save the King".

All are touched deeply as we depart silently to our separate rooms. —Johnnie Grigg

Ready For a Messerschmidt

Aircraftman H. Lacelle of the R.C.A.F., stationed at Ottawa, shows how he will greet the first enemy he meets in the air. For years, Lacelle has been handy with his fists and he's learning how to be just as handy with a machine-gun as he fires a burst from the gunner's cockpit of an Army Co-operation aircraft. He represented Canada in the boxing team at the Olympics in Berlin in 1936 when he was Canadian bantamweight champion. He has been fighting since 1936 and has won 275 out of 300 bouts.

Huntingdon W.I.
Tea and Raffle
Raises Over \$19

The tea held at the home of Mrs. Wesley Williams by the Huntingdon Women's Institute on Wednesday afternoon in aid of the Red Cross was a great success. The sum of \$19.15 was raised from the tea and raffle of a cushion and centre-piece. The money was handed over to the Abbotsford Auxiliary, of which Huntingdon is a unit. Mrs. Bennett, president of the Auxiliary, expressed appreciation of the work of the Huntingdon unit. Mrs. J. Wilson, president of Poplar Manor W. I., and Mrs. Tapp presided at the urns. Winner of the cushion was Mrs. C. Croke of Huntingdon, and the centre-piece was won by Mrs. T. Harris of Huntingdon.

MILITARY WHIST
HELD BY P.T.A.

The military whist drive held at the home of Mrs. T. Harris and sponsored by the Huntingdon Parent-Teacher Association, was well attended. Six countries were represented with New Zealand carrying off the highest number of flags and England the consolation. Although England lost all her flags but one, before the game was over she won back five and everyone agreed that "there'll always be an England." Receipts for the evening amounted to \$6.50.

Apples
for
Hallowe'en

Hallowe'en will soon be here, and once again children will be donning fancy costumes, wearing false faces and ringing door bells in the MSA Area. Be prepared for these visitors with a supply of apples.

Apples and Hallowe'en parties naturally go together. Ducking for apples is good fun for this special occasion, and there are a number of ways of serving apples which will always prove popular at the Hallowe'en party. The Consumer Section, Marketing Service, Dominion Department of Agriculture, makes a few suggestions:

TAFKY APPLES

2 cups sugar
1 teaspoon cider vinegar or ¼ cup corn syrup
1 cup water

Cook sugar, vinegar or corn syrup, and water, in small saucepan, stirring until sugar is dissolved. Boil without stirring until syrup forms a hard brittle ball when tested in cold water. Remove syrup from fire and set over a pan of boiling water. Add a few drops of red vegetable coloring. Wash and polish medium-sized red apples. Insert a wooden skewer in blossom end of each and dip in syrup, turning until well coated. Place on waxed paper until cool.

APPLE SAUCE CAKE

½ cup butter
1 cup sugar
1 egg
1 cup unsweetened apple sauce
2 cups flour
¼ teaspoon salt
1 teaspoon baking powder
1 teaspoon baking soda
½ teaspoon cloves
1 teaspoon cinnamon
1 cup raisins
½ cup chopped nuts (optional)

Cream butter, add sugar gradually and beat well. Add beaten egg and apple sauce. Mix and sift dry ingredients, dredging raisins and nuts in part of the flour. Add to first mixture. Pour into buttered pan and bake in a moderate oven 350°F. for about 50-60 minutes, or until cake is done.

APPLE TURNOVERS

Roll out pastry. Cut into rounds about size of a saucer. On half of each round place a layer of thinly sliced apples. Sprinkle with sugar and cinnamon and dot with butter. Moisten the lower edge of the pastry with water. Bring the other part over the apples and press edges well together. Prick the top crust to allow steam to escape. Bake in a hot oven 400°F. about 20 minutes, or until apples are tender and pastry is browned.

APPLE MOUSSE

2 cups grated apples (4 medium apples)
½ cup fruit or fine granulated sugar
½ pint whipping cream
Grate the unpeeled apples. After grating a small amount of apple measure and sprinkle with part of sugar to prevent discoloration. Continue grating until 2 cups of apple is measured. Whip cream and fold into apple mixture. Pour into freezing tray of mechanical

• THE KNITTED SUIT of today is as trim and well fitting as the tailored model. And that's why you will find a knitted suit in every smart, well-rounded wardrobe. It is grand for country or campus wear, and is a clever combination of fabric and knit, with sleeves and jacket back of brown knitted wool, and a brown leather belt and buttons. The stripes are of red and brown on a taupe tweedy mixture. Two large patch pockets are at the hips. The skirt has two large pleats centre front and back, sewn down halfway.

RED CROSS
News Notes

A small Indian boy, eight years old, at the T. B. Preventorium, Alert Bay, would literally have given an eye tooth for a nickel in order to contribute to the patients' collection for the recent national Red Cross Drive for funds. He had no money but he had been told that if you put your pulled teeth under your pillow, a fairy would leave a nickel and take the teeth. He had four loose teeth, but alas, all were too good to pull! However, another little Indian boy, in the same ward, said he was sure the good fairy would help the little chap out. Sure enough, next morning the nickel was there. His friend had given the matron a precious nickel he himself had saved to be placed under his chum's pillow!

MOST IMPORTANT

"What is your most important achievement?" was the question asked the secretary of the "Nor" Pioneer Women's Institute at Cecil Lake in the Peace River Block. Back came the answer, "Red Cross." The Secretary continued: "We are mostly young married women with small children and it isn't possible for us to attend many meetings as it is hard to get anyone to relieve us—but we are thankful that we can do a little toward this great work."

KNITTING RECORDS

Mrs. H. A. Ramsden, provincial chairman of the Women's War Work Committee, who has been touring the Interior on behalf of the Red Cross, sends word of the knitting record of Mrs. Lloyd Teggart, Windermere. From Feb. 1st to October 14th she has knitted ten pairs of socks a month! Mrs. Teggart is competing with a Nova Scotia woman who has knitted 150 pairs of socks in a year. As Mrs. Teggart has three months to go, she is well ahead. Mrs. Ramsden

refrigerator and freeze, or put in a mould, cover with buttered paper and tight-fitting cover, and pack in ice and salt (6 parts ice to 1 part salt). Let stand 4 to 6 hours. Serves 6.

APPLE BAVARIAN CREAM

1 tablespoon granulated gelatine
3 tablespoons cold water
2 egg yolks
1 cup sugar
1 cup hot milk
1 cup apple sauce
1 tablespoon lemon juice
½ cup whipping cream
Soak gelatine in cold water. Beat egg yolks slightly, add sugar and hot milk and cook in double boiler, stirring constantly until mixture thickens and coats the spoon. Dissolve gelatine in hot custard. Cool and add apple sauce and lemon juice. Chill. When partially set, fold in whipped cream, pour into moistened moulds and allow to set.

MRS. G. A. CRUICKSHANK
ENTERTAINS AT TEA

Mrs. George Cruickshank, wife of the Federal member for Fraser Valley, entertained at tea on Wednesday afternoon, her guests including Mrs. R. Cooper, Mrs. R. Crist, Miss Connie Cruickshank, Miss Eleanor Cameron, Miss Doris McCulloch, Mrs. J. Kemprud, Mrs. Kirkpatrick, Mrs. H. Hurum, and Mrs. R. McCulloch. Pouring tea and coffee were Miss Cruickshank and Mrs. McCulloch. Assisting as serveurs were Miss McCulloch and Mrs. Crist. Reeve and Mrs. Cruickshank left for Ottawa on Sunday.

Sparrow-Whitehead

A wedding of interest to many friends in the Fraser Valley took place recently at Medicine Hat, when Myrtle Whitehead and Ralph Sparrow of Abbey, Saskatchewan were married. After a two weeks' honeymoon spent at Banff, the young couple drove through Huntingdon to spend the winter with the groom's mother, Mrs. Gertrude Sparrow.

also reported that another knitter had turned in a large number of socks, but this was a partnership affair—the husband knitting the legs and the wife, the feet!

DONATIONS

Our thanks again to Mr. H. V. Smith, who has made and donated several canvas signs for the workrooms of outlying auxiliaries.

WORKROOM

Headquarters of the local branch is a very busy place these days, with several new shipments arriving. Last Friday the scene was something like this: Four bandage rollers kept busy making bandages of unbleached cotton, bolts of which are torn by hand into strips. Six sewing machines were humming in the centre aisle. A group of younger girls were making swabs. Cutters were getting pneumonia jackets ready, and completing some fine dressing gowns. Superfluity shelf being tidied up and new things being put out. And over-seeing all, the energetic work committee, who spend the entire day there twice and sometimes three times a week, taking their lunch and making tea for themselves in the afternoon. There is work for all and new workers are being welcomed every day. Mrs. Heywood is much missed, and we hope it will not be long before she is back again.

occasion was supplied by Miss MacRae and Hazel Reid. House I members were admitted on condition that they paid 5c.
